Cut - out for built on

Technical drawing showing a rectangular cut-out for a built-on component. The dimensions are:

- Width: 530 mm (tolerance 0/-2)
- Height: 492 mm (tolerance 0/-2)
- Inner cut-out radius: R40

|                                                                                                        |                                |      |                 |                 |                        |
